

**South Gippsland Conservation Society
Excursion to Wonthaggi Public Lands
Sunday 23rd September 2018
10.00-1.00
Leader Aileen Vening**

Wonthaggi is fortunate to be surrounded by large expanses of public land as a legacy of coal mining. Aileen will show us a map of these reserves, some still leased to grazing. She will guide a walk that includes the Wonthaggi Wetlands & Conservation Park and Baxters Wetland. We will hear about the area's history, and see an impressive range of flora and fauna right on Wonthaggi's doorstep.

Meet at the Wonthaggi Guide Park (near the roundabout at the hospital end of town) at 10.00.

Bring morning tea, water, sturdy footwear and a raincoat.
